Subject: Bill 11 and 12

I regret I cannot attend the next hearing, therefore I am writing with with regard to the referenced bills for improvements. While I agree the improvements are much needed, I feel there is a need to protect the investment the taxpayer is providing. What assurances are there will at least be measures to protect this investment? I believe it is not unreasonable to ask for this assurance. Otherwise, every few years Taxpayers may be footing the bill on repairs. I hope the council will consider this because it is the right measure to take to prudently spend the funds. At least some assurances of additional security or increased police presence may help ensure the investment is protected. I am sure the taxpayer would see this as wise from a fiscal perspective. Thank you for your consideration on this matter.
